

Eink Quick Start Guide for Arduino 2.9"

Panel and Arduino jig connection SOP

Demo Kit Hardware Description

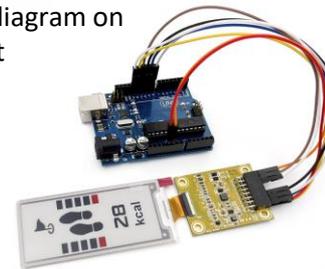

Pin# on Arduino	Wire number/ color
13	1 /White
12	2 /Yellow
11	3 /Brown
10	4 /Black
9	5 /Blue
8	6 /Gray
5V	7 /Red
GND	8 /Orange

* The purple and green Dupont cable are reserved for backup

Assembly and Operating Instructions

- ① Attach the 2.9" panel to EVK kit
- ② Connect Dupont cable to EVK kit and Arduino refers to block diagram on the left
- ③ Connect the mini-USB cable type B side to Arduino
- ④ Connect the USB cable type A side to PC/NB

Disassembly Instructions

- ① Disconnect the USB cable from PC/NB
- ② Disconnect the USB cable from Arduino
- ③ Detach the 2.9" panel from EVK kit
